Tree ID Tour

Designed as a unique opportunity for 4-H participants, landowners, and nature lovers, this tree identification program will include a hike at the Bolenbaugh tree farm in southern Jennings County on Saturday May 30, 2009. Mr. McGriff will discuss tree identification techniques and identify common trees on the property. The Bolenbaughs have agreed to allow 4-H'er's to collect leaf samples from their extensive tree plantations and woodlands.

Held at the Alan And Rosemary Bolenbaugh Demonstration Forest
880 E County Road 500 S, North Vernon, IN 47265

Directions: The Bolenbaugh farm is located 5 miles south of Vernon, IN, off Highway 3. At Highway 3 and C.R. 500 S turn east and go 1.5 miles to the farm on the north side of the road.

Highlights

- ◆ Tree identification techniques
- ◆ Hike through forest plantations and native woodlands
- ◆ Discuss Tree Plantation and Forest Management Principles
